Know Before You Go

A step by step guide to your Trafalgar trip.

# Your insider's journey begins...

Thank you for choosing Trafalgar to show you the insider's view of Europe and Britain. A wealth of experience has taught us that your journey begins well before you leave home. So we have compiled this guide to provide you with as much information as possible to help you prepare for your travels. We look forward to welcoming you on the trip of a lifetime!

# Before you go...

## **Travel Documents**

A couple of weeks prior to your holidays you will receive your Trafalgar wallet with your travel documents and literature. These documents are valuable and contain a wealth of advice and essential information to make your holiday as enjoyable as possible. Please read them carefully before your departure.

# Passports and Visas

You will require a passport valid for six months beyond the conclusion of your trip, with appropriate visas. Some itineraries may require multiple-entry visas for certain countries. You must contact your travel agent or applicable government authorities to get the necessary documentation. It is the sole responsibility of each guest to have a valid passport and necessary visas, as well as to comply with entry, health or other requirements of the countries visited.

#### Travel Insurance

Travel insurance is a must have! It is imperative that you take out a comprehensive travel insurance policy that covers you the entire time you are away from home. Your policy should cover the following:

- Trip cancellation or curtailment
- Loss or damage to property and baggage
- Loss of cash, traveller's cheques, etc.
- Medical costs and personal accident

Don't forget to pack a copy of your policy, contact phone numbers and instructions on how to claim in the unlikely event that it is necessary.

## Airport Transfers in Europe

On many itineraries, we offer complimentary group arrival transfers from the airport to your Trafalgar hotel at set times. (Please check your relevant itinerary page in the brochure for full details). If your flight times do not coincide with the shuttle bus transfer timings you may choose and book a private transfer. It is very important that your travel agent provides us with all your arrival and departure flight details. If we are not informed, no refund will be given for the cost of your taxi to the hotel. Please check all your arrival and departure transfer vouchers prior to leaving home to ensure the correct flight details are shown. If your flight is changed for any reason, you must inform us directly, since failure to do so could result in us not meeting and transferring you.

# Trafalgar's Express Check-In

Trafalgar's Express Check-In is an online check-in facility that allows you to provide all your essential details and preferences to Trafalgar, prior to your departure, so that you don't have to fill in any additional forms on the first day of your holiday. In order for your Travel Director to receive your information, we recommend that you complete Express Check-In at least 30

days prior to your departure date. If it is already less than 30 days before your departure, please complete the registration form, print it and hand it to your Travel Director on the first day of your guided holiday. Check-in takes 5-10 minutes.

# Luggage

#### Luggage Allowance

This is restricted to one large suitcase per person with dimensions not exceeding 30x19x10" (76x45x25 cm) and a maximum weight of 50 lb (23 kg). Hotel porterage of this luggage is included in your holiday price.

#### Hand Luggage

Hand luggage should be one piece per person and small enough to fit under your coach seat or on the small overhead shelf compartment. This is your responsibility and should be carried on/off the coach with you. Please note that luggage with an adjustable handle and wheels will not fit in the overhead compartment of the coach and cannot be accepted as carry-on luggage.

Your understanding and cooperation is appreciated, particularly as it is necessary for your safety and comfort. If a second suitcase is carried, or if it exceeds the permitted weight and/or dimensions, a charge of €6/£5 per travelling day will be collected by your Travel Director.

Airlines may have additional restrictions and may impose additional charges if you choose to check any baggage. Please contact your airline or refer to its website for detailed information regarding your airline's checked baggage policies.

Please note that airport porterage at the beginning and end of your guided holiday is not included. Loss or damage to luggage or any of your belongings is at your own risk, so please protect yourself with appropriate insurance.

# **Packing**

When travelling as a couple, pack each suitcase with day and evening clothing for each person, so that in the unlikely event one of your suitcases is mislaid on your flight, you'll still be able to manage.

Ensure that your personal and holiday details are written on a label inside each suitcase (including name, address, telephone number, departure and return flight details). Write only your name and destination address on outside labels.

Make sure that your luggage is in good secure condition, and when carrying fragile items, use a rigid style suitcase for protection.

Check-in only your own suitcases. Do not carry items packed by other people. Never accept packages or articles from anyone unknown to you to carry on board the aircraft.

There are strict airport security regulations on items that may be carried on board aircraft such as liquids/gels and metal objects. Please consult your airline or travel agent regarding these and other restricted items and how they must be displayed at airport security checkpoints.

We suggest you pack only essential items for daytime use in your hand-baggage, both for your flight and while on the coach. For example, your camera, medicines, anything that you use frequently or is particularly valuable. Expensive jewellery, clothing, etc. should be left at home for your peace of mind.

# Clothing & Footwear

For information on suitable clothing and footwear, please refer to the listings under each country. However, a general tip would be to make sure you bring comfortable walking shoes as a number of cities in Europe are developing as havens for pedestrians.

# What to Bring

This will depend upon your personal preferences, where you are travelling to and the time of year you are travelling. We generally recommend casual, lightweight, drip-dry clothing that requires little or no ironing. Laundry facilities are available at most of the places we stay, however, take sufficient clothing to last for about a week. Below is a list of items to consider packing for your Trafalgar holiday:

### Clothing

Swimsuit Undergarments

#### Health

See individual country information for any specific health requirements or recommendations. If you are on a regular course of medication or there are medicines that particularly suit you, we recommend that you bring an adequate supply for your entire trip. Identical brands may not be available elsewhere, but also bring a copy of your prescription.

For easy access when travelling, please keep all your medication in your hand luggage, not in your suitcases. Carry prescription drugs in their original package to avoid customs questions.

We respectfully suggest older passengers and those suffering from any existing medical conditions should have a thorough check-up with their doctor prior to departure. If you wear eyeglasses, you may wish to bring an extra pair or set of contact lenses in your carry-on luggage.

If you have any existing medical conditions, dietary requirements or disability that should be brought to our attention, it is essential that you inform us via your travel agent. Medical attention can be very expensive outside your own country, so be sure to take out adequate insurance.

#### **Vaccinations**

Please contact your doctor or healthcare provider before travelling to determine which vaccinations are recommended.

#### Make Friends Before You Go

When you travel with Trafalgar you will have the opportunity to meet new and interesting people from around the world. You can meet up with your fellow travelling companions by visiting Trafalgar's Online Community. ## Budgeting

Trafalgar itineraries include many features that will save you money on your trip – if you study your itinerary pages in the Trafalgar brochure you will see how many highlight visits and other sightseeing is included, as well as meals and entertainment. For personal items such as souvenirs, gifts, taxi fares, laundry and gratuities, we suggest you allow  $\$ 5- $\$ 7 per day in Europe and £8-£10 per day in the UK. In addition, we recommend you budget for the following extra expenses per person:

## Meals

Lunches are usually not included and individual requirements vary, but we suggest you allow €10/f9 per day. Where evening meals are not included, the cost will depend on the type and locations of restaurants used. As a guide, allow €25-€30/£22-£30 per day. You should budget for drinks with meals and refreshment stops during the day. Non-alcoholic drinks cost approximately €2-€3/£1.50-£2.50 each.

# **Optional Excursions**

Experience has shown us that most guests participate in these excursions and you should therefore budget for them in advance. Optional excursions are operated by third party suppliers, but have been approved and endorsed by Trafalgar. These may be purchased direct from your Travel Director who will accept payment in cash in most major currencies, such as US Dollars or Australian Dollars as well as major credit cards (Visa, MasterCard, American Express). Full details and prices are shown in your itinerary leaflet or on the guided holiday itinerary pages on the Trafalgar website.

# Money

Since 2002, the Euro has been the currency throughout much of Europe. Please see the individual listings under each country for the applicable currency. We strongly recommend that you buy a small amount of each currency, particularly Euros, before arriving on the continent, since there may be no opportunity to exchange money as you enter a country. This enables you to make your initial purchases until you manage to get to a bank.

It is also possible at some banks and ATMs to draw cash on presentation of your credit card, though this may incur fees/interest payments – check with your bank before departure. It is a good idea to deposit sufficient funds into your accounts prior to departure and then use your Personal Identification Number (PIN) to access them. Check with your bankcard company regarding possible ATM availability.

Even if you are planning to use your credit card, you may also bring Traveller's Checks but please note that they are increasingly difficult to change and often incur fees.

In Britain, you must have £ Sterling currency. Euros are accepted in Banks and Bureau de Change, but not in shops, restaurants, bars, etc. Trafalgar's London Reception Centre and Hotel Service Desk also accept Euro currency. In Scotland you may receive Scottish sterling notes in your change; these are accepted in England and Wales.

#### **Credit Cards**

If you have a credit card, we strongly recommend that you bring it with you, since this gives you extra financial flexibility while travelling. The major international credit cards, especially Visa or MasterCard, are accepted by many restaurants, shops and hotels. The bill you sign will be made out in much the same way as at home, except that the total will be in the local currency. This will be converted into your home currency by the credit card company and invoiced in the usual way. Here are some further tips on using credit cards while travelling.

- Check the expiry date of your credit card and the amount of credit available to you (do not forget any credit card purchases made just before you leave).
- Call your credit card company to advise them you will be travelling, as some companies will block the credit card when they notice unusual charge activity.
- Ensure you memorise your Personal Identification Number (PIN); do not write it down.
- Ensure that your credit card is kept in view at all times when paying for goods and services.
- Ensure that the total amount of your purchase is entered on the sales voucher in the correct currency before you sign it.
- Retain all copies of sales vouchers until you have verified them against your statements.
- Insist that all 'spoiled' sales vouchers be destroyed in your presence.
- Make sure your credit card is carried on your person.
- Never leave your credit card unattended in your hotel room, a vehicle or any other place.
- Treat your credit card as you would cash.
- Report immediately the loss or theft of your credit card.

# While you are travelling...

#### Your Travel Director and Coach Driver

Throughout your Trafalgar guided holiday you will be accompanied by a professional Travel Director and experienced Coach Driver. A Trafalgar Travel Director is more than just a guide. They are seasoned and experienced travellers, specially selected for their in-depth knowledge of the regions you will visit. They will enrich your experience with informative commentary on the history, culture and natural landscape of the region and reveal the hidden places that only an insider would know. They will also introduce you to your travelling companions and make you feel welcome. Trafalgar's Coach Drivers are fully licensed, qualified and experienced professionals who are selected for their impeccable driving skills and record.

# Lost/Damaged Baggage

If upon arrival at the airport after your flight, your baggage fails to arrive or arrives damaged, go immediately to the airline representative (often situated in the Arrivals Hall before you go through customs) and report your loss/damage. They will ask you for the numbered baggage receipts given to you when you checked your baggage in for the flight. They will then commence a search for your baggage, and may award you some compensation to buy essential clothing until your baggage is found. You should also contact your travel insurance assistance company, as they may help with the recovery of the bag and offer some monetary compensation depending on the length of time the baggage remains missing.

# **Currency Packs**

Trafalgar's Currency Packs are one of the easiest ways for you to buy foreign currency for Europe. You will not have the inconvenience of standing in line on cross-channel ferries waiting to change money. We recommend at least one pack per person to give you just the right amount of currency to get you started. Currency Packs can be purchased at the start of your trip from your Travel Director at Trafalgar's London Reception Centre. You can pay in US, Australian, Canadian dollars, Euros or Pounds Sterling. They are only available on European itineraries starting in London and not on UK and Ireland itineraries.

# Your Holiday

Trafalgar's philosophy is that it's your holiday and you should have the freedom to enjoy yourself as you wish. However, a great deal of planning goes into your itinerary to ensure you see all the main sights in the places visited. Trafalgar ensures you enjoy a full sightseeing experience in all major towns and cities visited on your itinerary. Local sightseeing is conducted by qualified Local Guides who are eager to share their vast knowledge and love of the local history and culture. In other places, your Travel Director will give you a brief orientation drive or walk to familiarise you with the locality, usually on the way to your hotel.

# **Optional Excursions**

Most of your sightseeing activities are included in your holiday price. However, there is a wide range of other exciting excursions available, both while travelling and in the gateway cities before and after your trip. To assist you with planning your budget, your travel documents will include a comprehensive day-by-day itinerary with full details and costs of the optional excursions available. Some optional excursions cannot be paid by credit card. Your Travel Director will advise you. Please note that optional excursions are operated by third parties and Trafalgar accepts no liability. All optional excursions are undertaken at your own risk.

# Trafalgar Noticeboards

In London, most of our hotels display a Trafalgar Noticeboard. If you do not find one, please ask the Trafalgar Local Host or at the concierge desk. Please read the notices as they contain details about the times your Local Host will be in the hotel and about meeting your Travel Director, if you are joining your holiday in London.

During your trip, your Travel Director will normally post a daily notice with details of the program schedule. Please check this regularly for the most up-to-date information and be ready at the specified times.

# Europe is different!

Visiting Europe is a totally new and different experience from life back home. You will find different people, food and customs and a completely different attitude and way of life. While many of its customs may seem strange to a visitor, they are, after all, what makes Europe 'Europe'. So our advice is to keep an open mind and enjoy the unfamiliar.

# Hotels

At Trafalgar we pride ourselves on our superior hotel selection. Our hotels are centrally located and close to major attractions. As we travel from major cities to remote regions, the standards can vary, but you can rest assured that the hotels we have selected are the best available.

Europe has a tourism industry which has developed over several centuries and across many different countries, each with its own culture and traditions. The hotels often reflect that, so don't expect European hotels to be the same as those back home. Not all hotels are air-conditioned, for example, since in parts of Europe the climate does not usually warrant it. All Trafalgar hotel accommodations have private facilities, but again, this will vary. Most bathrooms have a bathtub with integrated shower, but occasionally only a walk-in shower. Room sizes in Europe, the UK and Ireland are generally smaller than in other parts of the world, and can vary within the same hotel, particularly where the hotel is a historic building.

Twin rooms usually consist of two single beds while double rooms contain one matrimonial bed. Triple rooms may consist of one double-bed and the third bed may be a rollaway bed. Single rooms in European hotels are generally smaller than twin-bedded rooms, and may contain one single bed.

You are strongly advised to book all your pre and post trip hotel accommodation before you travel. In large cities rooms are constantly in demand for tourism and business purposes.

**NB** Trafalgar contracted your trip accommodations many months ago. However, on occasions the hotel may need to relocate its guests into alternative accommodation. This can happen particularly when special events such as major conferences or exhibitions are taking place. It is beyond Trafalgar's control, but we will always do our utmost to minimise any inconvenience and you can rest assured that all sightseeing inclusions will be unchanged.

#### **Facilities**

All hotel rooms are clean and well serviced. Tea and coffee making facilities are provided within most hotels rooms in the UK, however this is uncommon in European hotels. Rooms usually contain STD/ISD phone and a television, and may have a mini bar, room service and in-house movies. Wherever possible we select establishments that offer additional facilities too, such as swimming pool, sauna, restaurants and bars. Please refer to the itinerary in your travel wallet for information regarding accommodations at each stop.

#### Allocation of rooms

Trafalgar does not allocate the rooms in any hotel – this is done by the hotel staff – nor can we guarantee the position of your room within any hotel. If you are on your guided holiday and you feel that you are receiving a disproportionate number of smaller rooms or rooms without a view, please inform your Travel Director.

#### Hotel Check-in & Check-out

Arrangements are made to ensure that check-in and check-out at hotels run smoothly, and your Travel Director will advise you in advance of the procedure before arriving at each hotel. On departing the hotel, always remember to return your room key to reception before boarding the coach!

#### **Personal Hotel Expenses**

Any additional costs incurred during your stay at the hotels (for example, laundry, telephone calls and bar bills) are your responsibility. Please ensure that your account is settled on the evening before you leave to ensure a smooth and speedy departure the following morning.

#### **Laundry Facilities**

When there is a two-night stopover, arrangements can be made for your laundry with hotel housekeeping (at your cost). Please note laundry services are not available on weekends or local holidays.

#### **Changes to Accommodations**

On certain occasions, for operational or local reasons, it may be necessary to change your hotel accommodations in a particular location. If this does occur, you will be notified of such changes as soon as possible.

# Lost Property

Once something is lost it is often difficult to find. Trafalgar cannot accept responsibility for property lost anywhere, although we will do our utmost to try and recover lost items. If you notice the loss while on your trip, you should immediately report it to your Travel Director who will complete a lost property form and give you a copy for insurance purposes. If you wish Trafalgar to trace any lost property for you – once your trip has ended – you should contact Trafalgar's London Reception Centre or Hotel Service Desk. Any lost property found will be returned to you at your own expense.

### Your Coach

Modern, air-conditioned coaches have been carefully selected by Trafalgar with your comfort, safety and scenic viewing in mind. Your Trafalgar team will explain all the safety features of your coach at the beginning of your trip. For the comfort of all travellers, Trafalgar enforces a noalcohol and no-smoking policy on board the coach. Our coaches are equipped with DVD and/or CD players.

Please note that antiseptic, bandages and other over-thecounter medications such as aspirin are not carried on the coach. Your Travel Director will be able to direct you as to where these items may be purchased locally should you need them.

#### **Porterage**

Your coach crew is always there to lend a hand and to liaise closely with hotels to ensure efficient handling of your luggage.

#### **Seat Rotation**

Where appropriate, our seat rotation scheme ensures you get to know your fellow travelling companions and enjoy the views from a different vantage point each day.

#### A Clean Coach

Your driver is responsible for the coach inside and out. Please assist by eating and drinking on board as little as possible.

#### No Smoking

For the comfort of all travellers, smoking is not permitted on board our coaches, but smokers need not worry – frequent comfort and relaxation stops are made along the way.

#### **Onboard Restroom**

Coaches on all itineraries in Europe are equipped with restrooms. While you are free to use this facility whenever required, your Travel Director will suggest that you make use of the facilities available at our frequent comfort stops.

#### Meals

#### **Breakfast**

Your holiday includes daily breakfasts following local traditions. Please note that in London, breakfast is only included if you have stayed in the hotel on the preceding night and booked it through Trafalgar. Check with Trafalgar in London as to how your breakfast will be served at your London hotel on the morning of your trip departure.

In Britain and Ireland, and on the majority of our Europe itineraries, you will enjoy a cold or hot buffet style breakfast. Please refer to your itinerary pages in the relevant Trafalgar brochure for full details.

#### Dinner

While Trafalgar encourages hotels to provide meals that feature local flavors, most offer fairly plain international fare that caters for the broadest range of tastes. If you have a more adventurous palate, you will still have a number of opportunities to sample local specialties throughout your holiday, either during your free time or on our unique Be My Guest dining experiences and other Highlight dining occasions.

#### Freedom at Meal Times

Trafalgar's philosophy of a careful mix of free time and organised activities extends to your meal arrangements, and only a limited number of lunches are included on our itineraries. We believe you should be free to spend your time at lunch stops in your own way, maybe trying a local dish or taking a light snack and using the extra time for additional sightseeing or shopping. Occasionally, our daily itinerary may require us to make a lunch stop at a recommended roadside eatery. In certain cities, dinners are not included, giving you an opportunity to dine out on your own, sample regional dishes and eat in typical local restaurants. Your Travel Director will be able to offer advice to help you choose.

#### **Drinks**

When not specified on an included meal, drinks are always at your own expense. In some European cafés/bars you pay one price to drink at the bar, and a higher price to sit at a table. Alcoholic drinks can be much more expensive if purchased in hotel bars.

#### Water

While tap water is perfectly safe to drink in many European countries, we suggest you drink bottled water where available. You may also wish to carry a small bottle of water with you throughout the day to ensure you are sufficiently hydrated.

### **Tipping**

We are confident that by the end of your trip you will have come to appreciate the important role your Travel Director and Coach Driver have played in giving you the best possible holiday experience. If you have been pleased with their services, you may wish to express this satisfaction with a gratuity, as is customary throughout the world. Since this

is a matter of a private and individual nature, you should seal your gratuity in an envelope to present to each of them separately at the end of your holiday.

Suggested tipping rates (per person travelling) for your Trafalgar team in Europe/UK are €4/£3 per day for your Travel Director, €2.50/£2 per day for your Coach Driver, and €2/£1 per half-day for a Local Guide.

While on your guided holiday, tips and service charges are included for your included meals, accommodations and porterage, but at other times we suggest the following as a guide to general tipping practices in Europe/UK:

- Room service waiter: €1/£1 (We recommend that you carry some small change with you, as it is not usual to ask for change when tipping.)
- Taxis: 10-15% of the fare on the meter.
- Restaurants & bars: 10-15% of the total bill. If a service charge has already been added, there is no need to tip as much or at all.

# **Photography**

Bring film, extra batteries and memory cards. Although x-rays used to examine luggage will not damage film on one exposure, it is possible to ask for hand inspection of film and cameras. Depending on the destination, use re-sealable plastic bags to protect camera equipment from dampness. Never leave a camera in a hotel room or elsewhere unattended.

# Staying In Touch

Phoning home from hotels can be expensive. All hotels will add a service charge to the cost of any phone calls you make from your room. This charge can be very high. It is always cheaper for you to use public telephones (pay phones). Your Travel Director will advise you how to use the telephone if you are unsure. Alternatively, you could use an ekit phonecard.

#### What is ekit?

ekit is your global phone card and web communication service designed to keep you in touch with family and friends while you're travelling.

#### ekit provides:

- Low cost international calls
- Send and receive voice mails

#### How long does it last?

ekit is a rechargeable service – simply recharge your account using your credit card at www.Trafalgar.ekit.com or call their 24-hour customer service. Ask about the monthly recharge bonus.

#### Is it competitive?

# **Emailing Home**

Internet cafes are widely available where you can communicate with friends and family for a small charge. Some hotels also offer guests limited computer access.

## Shipping

If you plan to purchase heavy items, we would recommend that you have them shipped to your home address, as airline charges are high for excess baggage. This can either be arranged by the shop where you make your purchases, or you can make up a parcel and ship it home. Our Reception Centre in London can advise you of some companies who specialise in this service.

#### Note:

- Goods may take several months to reach your home.
- You will be liable for import duty on all goods shipped to your home – personal duty-free allowances only apply to goods carried home personally.
- You are strongly advised to insure goods being shipped in case of breakage or non-arrival.

## Security

It is important that you take precautions when travelling anywhere. If hotel security boxes are available then we recommend you use them for all your valuables. Do not leave these items in your hotel room. Prior to leaving home, purchase a shoulder or neck holster or a money belt to carry items such as your passport or extra money – make sure it is not visible under your clothing. Be wary of pickpockets!

Wallets and purses should be kept out of sight in front/inside pockets; carry your handbags and backpacks around your front.

We also recommend that you photocopy your passport and credit card details and leave them in your suitcase in case of loss. If you are unsure about security while on holiday, your Travel Director will provide you with the best advice.

#### **Doctors**

If at any time on your guided holiday you require a doctor, please inform your Travel Director who will arrange this for you. If you are staying at a Trafalgar hotel prior to your guided holiday commencing, please ask the hotel concierge to call the doctor. Ensure that you keep receipts for the doctor's visits, medicines and any other expenses incurred, as you will need them to claim on your insurance.

# **Public Holidays and Changes**

During local or national holidays, certain facilities such as museums, sightseeing tours and shopping may be limited, so we sometimes have to make slight itinerary adjustments. We advise you to check with your Travel Agent before selecting a departure date so that your enjoyment won't be diminished. Also, local holidays, closing days and other circumstances may change the day of the week for scheduled dining out, gala dinners, sightseeing and other included activities.

#### **Guest Feedback**

Your feedback is always welcomed. Towards the end of your trip, your Travel Director will hand out a feedback questionnaire. We ask that you answer the questions, make any relevant comments and hand it back to your Travel Director. The questionnaires are sealed and returned to our Head Office. Every sheet is read and a summary of each holiday is given to management, and where necessary, appropriate action is taken to rectify any problems.

#### Food and Drink

Food is celebrated in Greece. Appetizers (mezedes) come on small plates and can be shared. Try dolmades (stuffed vine leaves) or a selection of dips such as Tzatziki (yogurt with finely chopped cucumber, garlic and olive oil),

Melitzanosalata (eggplant purée) and Taramosalata (crushed fish eggs).

Main dishes generally include meat, Moussaka (potatoes topped with eggplants, onions, minced beef and béchamel sauce) being the most famous, and kebabs.

Seafood dishes especially on the islands are recommended. There is a large range of Greek wines to choose from, the most famous being Retsina, a white wine made with pine needle resin. #### **Manners and Customs**

Hospitality has a strong emphasis on the Turkish way of life. Following religious laws of the Koran, the Turkish people are gracious and generous hosts and all guests (Misafir) are treated in the best possible manner. Turks also make every effort to communicate no matter what the linguistic barriers might be. Turkish life is centred around the coffee house and the bath house. Even the smallest Turkish village has its coffee house or Kahve as the social centre. Casual light clothes is the answer for the coast but include something stylish for dining and dancing. Modesty will win respect; low-cut tops and miniskirts (for women) are unsuitable everywhere except at the beach.
