Before you go...

Travel Documents

A couple of weeks prior to your vacation you will receive your Trafalgar wallet with your travel documents and literature. These documents are valuable and contain a wealth of advice and essential information to make your vacation as enjoyable as possible. Please read them carefully before your departure.

Passports and Visas

You are responsible for all visas, permits, necessary health requirements, and any other documents as required by laws, regulations and orders of the countries visited. All guests require a passport valid for 6 months beyond the conclusion of their trip, along with appropriate visas. Some of our itineraries enter a country more than once, so multiple-entry visas may be required for some countries. Please contact your travel agent or applicable government authorities to get necessary travel information. See below for details of reciprocity fees applicable in Argentina and Chile.

Argentina

The Government of Argentina charges US citizens visiting Argentina for business or tourism a reciprocity fee of US\$140 per person. The fee is collected only at Buenos Aires Ezeiza International Airport. Once paid, the fee permits multiple entries into Argentina for ten years in accordance with United States visa reciprocity. The fee also applies to Australian and Canadian citizens. It may be paid in cash or by credit card.

Chile

Citizens of the United States, Canada, the United Kingdom, Australia, and New Zealand need only a valid passport to enter Chile. Chile charges a reciprocity fee upon entry to citizens of the following countries: USA – US\$131, Australia – US\$61, Canada – US\$132, and Mexico – US\$23. Visitors from the UK and New Zealand do not pay a fee. The one-time fee is good for the life of a traveler's passport, and is charged when entering through the Santiago airport only. Travelers crossing over land do not pay this fee. The fee should be paid by credit card at the airport counter to the left of Customs.

Before entering Chile, passengers will be requested to fill out a tourist card that allows visitors to stay for 90 days. This card must be retained as it will need to be presented to Customs when leaving the country.

Travel Insurance

We strongly recommend that you take out a comprehensive travel insurance policy that covers you the entire time you are away from home. Your policy should cover the following:

- Trip cancellation or curtailment
- Loss or damage to property and baggage
- Loss of cash, traveler's checks, etc.
- Medical costs and personal accident

Please ensure you pack a copy of your policy, contact phone numbers and instructions on how to claim in the unlikely event that it is necessary.

Trafalgar's Express Check-In

Trafalgar's Express Check-In is an online check-in facility that allows you to provide all your essential details and preferences to Trafalgar, prior to your departure, so that you don't have to fill in any additional forms on the first day of your vacation. In order for your Travel Director to receive your information, we recommend that you complete Express Check-In at least 30 days prior to your departure date. If it is already less than 30 days before your departure, please complete the registration form, print it and hand it to your Travel Director on the first day of your guided vacation. Check-in takes 5-10 minutes.

Visit www.trafalgar.com/express

Luggage

Porterage for one suitcase is included in the vacation price. Your bag should have dimensions not exceeding 30x19x10" 76x45x25 cm. For South America programs that do not go to the Galapagos, the maximum weight is 50 lbs (23 kg). For South America programs that include the Galapagos, the maximum weight is 44 lbs (20 kg). Airlines may have additional restrictions and may impose additional charges if you choose to check any baggage. Please contact your airline or refer to its website for detailed information regarding your airline's checked baggage policies.

Please note that airport porterage at the beginning and end of your guided vacation is not included. No responsibility is accepted for loss of or damage to baggage or any of your belongings. Baggage insurance is recommended.

Packing

When traveling as a couple, pack each suitcase with day and evening clothing for each person, so that in the unlikely event one of your suitcases is mislaid on your flight, you'll still be able to manage.

Ensure that your personal and vacation details are written on a label inside each suitcase (including name, address, telephone number, departure and return flight details). Write only your name and destination address on outside labels.

Make sure that your luggage is in good secure condition, and use a TSA approved lock for US security checkpoints. When carrying fragile items, use a rigid style suitcase for protection.

Check in only your own suitcases. Do not carry items packed by other people. Never accept packages or articles from anyone unknown to you to carry on board the aircraft.

There are strict airport security regulations on items that may be carried on board aircraft such as liquids/gels and metal objects. Visit the Transportation Security Administration's website at www.tsa.gov for information on these and other restricted items and how they must be displayed at airport security checkpoints.

We suggest you pack only essential items for daytime use in your hand-baggage, both for your flight and while on the coach. For example, your camera, medicines, anything that you use frequently or is particularly valuable. Expensive jewelry, clothing, etc. should be left at home for your peace of mind.

What to Bring

This will depend upon your personal preferences, where you are traveling to and the time of year you are traveling. Refer to individual country information for details on climate conditions that may affect what you pack. We generally recommend casual, lightweight, drip-dry clothing that requires little or no ironing. T-shirts and shorts are acceptable near the beach and in most resort areas. A long sleeve, loose fitting shirt and long pants will give protection from strong sun or insects in some forests and heavy vegetation areas and for visits to some rural locations or small towns where less modest attire may be frowned upon.

If a trip includes visits to the mountains, a jacket may be needed. A light pullover or jacket is useful for possible chilly nights in any destination. Two pairs of comfortable walking shoes are recommended for sightseeing.

Below is a list of items to consider packing for your Trafalgar vacation:

Clothing

Swimsuit	Undergarments
Sandals	Socks
Hat	Sleepwear
Shorts/skirts	Jeans/trousers

Essentials

Traveler's Checks/Cash	Credit cards

NB Do not pack your passport or money in your suitcase.

Health

See individual country information for any specific health requirements or recommendations. Any changes in climate or diet can mean intestinal upsets for some travelers. Others experience few difficulties whatever the destination. Hotels and many other places in major cities make certain their food and drink is safe for visitors. However, it is always prudent to watch carefully what you eat and drink while on vacation. Bottled water is available in most locations.

In some remote areas, purified water is offered. Raw fruit and vegetables should always be peeled and, in some rural areas, avoided altogether. Many passengers ask their doctor to suggest remedies that can be carried along just in case.

If prescription drugs are needed, make certain the supply will last the duration of the trip and longer. Carry prescription drugs in their original package to avoid customs questions. Don't pack needed medicines in checked baggage. Also, you may wish to bring an extra pair of eyeglasses or contact lenses in your carry-on luggage.

Although not a general problem, insect bites can be a concern for some travelers. Ask a doctor or pharmacist about insect repellent choices. Similarly, sun protection can be a concern in many destinations. A good-sized sun hat and sunscreen lotion are recommended.

If you have any existing medical conditions, dietary requirements or disability that should be brought to our attention, it is essential that you inform us via your travel agent.

Budgeting

Trafalgar itineraries include many features that will save you money on your trip – if you study your itinerary pages in the Trafalgar brochure you will see how many highlight visits and other sightseeing is included, as well as meals and entertainment. However, you'll find you have plenty of time to explore independently during your vacation, so we recommend you budget for incidental expenses such as non-included meals, drinks, tips, shopping and optional excursions.

Optional Excursions

Experience has shown us that most guests participate in these optional activities and you should therefore budget for them in advance. Please read your travel documents prior to the start of your vacation for prices and information on any optional excursions you may wish to participate in.

Money

Since currency rates fluctuate on a daily basis, contact your bank or foreign exchange service just prior to travel for up-to-date information. In general, it is unnecessary to change money into local currencies prior to travel. A better exchange rate may be available in the countries visited. Even so, it may be convenient to have some local currency available immediately upon arrival.

In rural areas and on weekends in some cities, it may not be possible to exchange currency at all. Plan ahead based on the itinerary. Check with your bankcard company regarding possible ATM availability. Make certain the card is activated for international use.

Traveler's Checks offer protection with replacement possible in case of loss or theft. When replacement is necessary, the receipt must be provided as well as a list of checks used. Keep that information separate from unused checks.

Credit Cards

American Express, Diners Club, MasterCard and Visa are the most commonly accepted cards. Credit cards may not be accepted in smaller establishments, rural areas, etc. Some merchants may include a service charge (over and above the purchase price) for a credit card purchase.

If you make any purchases by credit card, you may be charged based on the exchange rate at the time the credit card company invoices your account and many banks charge an exchange fee. Please remember to keep a copy of your credit card details and emergency contact numbers in your suitcase in case of loss. The following offers some useful tips on using credit cards on your vacation:

- Call your credit card company to advise them you will be traveling, as some companies will block the credit card when they notice unusual charge activity.
- Ensure you memorize your Personal Identification Number (PIN); do not write it down.
- Ensure that your credit card is kept in view at all times when paying for goods and services.
- Retain all copies of sales vouchers until you have verified them against your statements.
- Make sure your credit card is carried on your person.
- Never leave your credit card unattended in your hotel room, a vehicle or any other place.
- Report immediately the loss or theft of your credit card.

While you are traveling...

Your Travel Director and Coach Driver

Throughout your Trafalgar guided vacation you will be accompanied by a professional Travel Director and experienced Coach Driver. A Trafalgar Travel Director is more than just a guide. They are seasoned and experienced travelers, specially selected for their in-depth knowledge of the regions you will visit. They will enrich your experience with informative commentary on the history, culture and natural landscape of the region and reveal the hidden places that only an insider would know. They will also introduce you to your traveling companions and make you feel welcome. Trafalgar's Coach Drivers are fully licensed, qualified and experienced professionals who are selected for their impeccable driving skills and record.

Your Vacation

Trafalgar's philosophy is that it's your vacation and you should have the freedom to enjoy yourself as you wish. However, a great deal of planning goes into your itinerary to ensure you see all the main sights in the places visited. Trafalgar ensures you enjoy a full sightseeing experience in all major towns and cities visited on your itinerary. Local sightseeing is conducted by qualified Local Guides who are eager to share their vast knowledge and love of the local history and culture. In other places, your Travel Director will give you a brief orientation drive or walk to familiarize you with the locality, usually on the way to your hotel.

Optional Excursions

While we include many sightseeing activities in the price of your vacation, we also offer a range of optional visits and activities both during your trip and in the gateway cities before and after your vacation. Your travel documents include a comprehensive day-by-day itinerary with full details and costs of the optional excursions available. Please note that some optional excursions cannot be paid for by credit card – your Travel Director will advise you. Also note that optional excursions are operated by third parties and Trafalgar accepts no liability. Please remember that all optional excursions are undertaken at your own risk.

Your Hotels

At Trafalgar, we pride ourselves on our superior hotel selection. Our hotels are centrally located and close to major attractions. As we travel from major cities to remote regions, the standards can vary, however, you can rest assured that the hotels we select are the best available.

On certain occasions, for operational or local reasons, it may be necessary to change your hotel accommodations in a particular location. If this does occur, you will be notified of such changes as soon as possible.

Hotel Accommodations

All hotel rooms are clean and well serviced. Each room contains a private bathroom with toilet, shower and/or bath and vanity, as well as television and air-conditioning (some national park lodges and hotels in higher elevation cities may differ).

Rooms may sometimes contain tea and coffee making facilities, mini-bar, room service, STD/ISD phone, radio and in-house movies. Wherever possible, we select establishments that offer additional facilities such as swimming pool, sauna, bars and restaurants. Please refer to the itinerary in your travel wallet for information regarding accommodations at each stop.

Hotel Check-in & Check-out

Arrangements are made to ensure that check-in and check-out at hotels run smoothly, and your Travel Director will advise you in advance of the procedure before arriving at each hotel. On departing the hotel, always remember to return your room key to reception before leaving!

Personal Hotel Expenses

Any additional costs incurred during your stay at the hotels (for example, laundry, telephone calls and bar bills) are your responsibility. Please ensure that your account is settled on the evening before you leave to ensure a smooth and speedy departure the following morning.

Laundry Facilities

When there is a two-night stopover, arrangements can be made for your laundry with hotel housekeeping (at your cost). Please note laundry services are not available at all hotels or on weekends or local holidays.

Your Motor Coach

On applicable itineraries, you will travel on Trafalgar's modern air-conditioned/air-ventilated coaches. Because of the cool climate in Cusco, Puno and Lake Titicaca, coaches may not be air-conditioned.

Porterage

Your coach crew is always there to lend a hand and to liaise closely with hotels to ensure efficient handling of your luggage.

Seat Rotation

Where appropriate, our seat rotation scheme ensures you get to know your fellow traveling companions and enjoy the views from a different vantage point each day.

A Clean Coach

Your driver is responsible for the coach inside and out. Please assist by eating and drinking on board as little as possible.

Smoking

For the comfort of all travelers, smoking is not permitted on board our coaches, but smokers need not worry – frequent comfort and relaxation stops are made along the way.

Alcohol

Alcohol consumption is not permitted on the coach nor in some public places.

Meals

Your vacation price includes full breakfasts daily, but only a limited number of lunches are included on our itineraries. We believe you should be free to spend your time at lunch stops in your own way, maybe trying a local dish or taking a light snack and using the extra time for additional sightseeing or shopping. Occasionally, our daily itinerary may require us to make a lunch stop at a recommended roadside eatery. In certain cities, dinners are not included, giving you an opportunity to dine out on your own, sample regional dishes and eat in typical local restaurants. Your Travel Director will be able to offer advice to help you choose. When not specified on an included meal, drinks are always at your own expense.

Water

It is recommended that you carry with you plenty of drinking water, particularly in the warmer climates. Drinking water varies from region to region and you should check with your Travel Director as to its suitability for consumption.

Tipping

We are confident that by the end of your trip you will have come to appreciate the important role your Travel Director and Coach Driver have played in giving you the best possible vacation experience. If you have been pleased with their services, you may wish to express this satisfaction with a gratuity, as is customary throughout the world. Since this is a matter of a private and individual nature, you should seal your tip in an envelope to present to each of them separately at the end of your vacation.

Suggested tipping rates (per person traveling) for your Trafalgar team in South America and Costa Rica are US\$5 per day for your Travel Director and US\$3 per day for your Coach Driver.

Photography

Bring film, extra batteries and memory cards. Although x-rays used to examine luggage will not damage film on one exposure, it is possible to ask for hand inspection of film and cameras. Depending on the destination, use re-sealable plastic bags to protect camera equipment from dampness. Never leave a camera in a hotel room or elsewhere unattended.

Staying In Touch

Phoning home from hotels can be very expensive since all hotels add a service charge to the cost of any phone calls you make from your room and this charge can be very high. It is always cheaper for you to use public telephones (pay phones). Alternatively, you could use an eKIT phonecard.

What is eKIT?

eKit is your global phone card and web communication service designed to keep you in touch with family and friends while you're traveling.

eKIT provides:

- Low cost international calls
- Send and receive voice mails
- Free email service
- Send SMS text messages from the web

How do I join?

Use your credit card to set up an account at www.Trafalgar.eKit.com or call 24-hour customer service. Join before you go and receive a Trafalgar eKIT joining bonus!

How do I use it?

How long does it last?

eKIT is a rechargeable service – simply recharge your account using your credit card at www.Trafalgar.eKit.com or call their 24-hour customer service. Ask about the monthly recharge bonus.

Is it competitive?

Yes – you may find cheaper phone cards in major cities – but you can only use them in the country of purchase and may not be in a language you understand.

The advantages of eKIT:

- It can be used from 70+ countries.
- You can call over 200 countries.
- You can recharge the card as you travel.
- You can use any balance remaining once you get home.

Emailing Home

Internet cafes are widely available. You can communicate with friends and family for a small charge.

Security

South America and Costa Rica are generally safe and friendly places with people as warm and helpful as any on the globe. In today's world, security is an important consideration while traveling. By using common sense, most unpleasant situations can be avoided. We recommend that you:

- Carry copies of all your important documents in your hand luggage. Include a copy of your passport, credit card numbers and Traveler's Checks, as well as airline tickets and other documents.
- Never accept packages or articles from anyone unknown to you to carry on board an aircraft.
- We recommend you use a hotel security box for valuables, passports, money, etc. as hotels will not accept responsibility for these items left in your room.
- If you plan to use taxis on your own in major cities, contact the front desk of your hotel in order to arrange a secure mode of transportation.
- Stick to areas with a lot of people; however be aware in crowded areas that may tend to attract pickpockets.
- Never leave your luggage and other personal items unattended when in public places such as airports, hotel lobbies and restaurants.
- Carry your valuables in a special money belt or in a bag that you can carry strapped across your front.
- Upon arriving at each hotel, locate the nearest fire exit, directions to which must be posted in each guest room.
- Visit www.tsa.gov for the Transportation Security Administration's (TSA) website. There are preparations you can make before you arrive at airports to help you move more quickly and efficiently through security processes.

These recommendations will help you make your Trafalgar vacation as hassle-free as possible. If you are unsure about security while on vacation, your Travel Director will provide you with the best advice.

Public Holidays and Changes

During local or national holidays, certain facilities such as museums, sightseeing tours and shopping may be limited, so we sometimes have to make slight itinerary adjustments. We advise you to check with your travel agent before selecting a departure date so that your enjoyment won't be diminished. Also, local holidays, closing days and other circumstances may change the day of the week that is planned for scheduled meals, sightseeing and other included activities.

Re-routing of Itineraries

Decisions on re-routing itineraries are made just prior to each departure and consideration is given to the conditions prevailing at the time. In transit, if weather or unforeseen circumstances interfere with the itinerary, it is at the discretion of Trafalgar's National Operations Office as to what alternative arrangements are made.

Your Feedback

Your feedback is always welcomed. Towards the end of your trip, your Travel Director will hand out a feedback questionnaire. We ask that you answer the questions, make any relevant comments and hand it back to your Travel Director. The questionnaires are sealed and returned to our Head Office. Every survey is read and a summary of each vacation is given to management, and where necessary, appropriate action is taken to rectify any problems.

The most common form of greeting between friends is kissing cheeks. Dress is not usually formal, though clothes should be conservative away from the beach. More formal is worn for dinners in restaurants.

Best Buys

Buenos Aires has traditionally enjoyed a reputation as a shopper's paradise, possibly of even being the best shopping city in Latin America. Leather goods are a good buy, as are native crafts and souvenirs.

Electricity

Food And Drink

Food

North American, Continental and Middle Eastern cuisine is generally available, while local food is largely a mixture of Basque, Spanish and Italian. Beef is of a particularly high quality and meat-eaters should not miss out on the chance to dine at a parrillada, or grill room, where a large variety of barbecue-style dishes can be sampled. Popular local dishes include empanadas (minced meat and other ingredients covered with puff pastry) and locro (pork and maize stew). In general, restaurants are good value.

Drink

Argentine wines are very good and inexpensive. Local distilleries produce their own brands of most well-known spirits. Whiskies and gins are excellent, as are classic and local wines. Caribbean and South American rum adds flavor to cocktails.

Public Facilities

Public facilities are referred to as:

Men caballeros, hombres, varones or señores;

Women damas, mujeres or señoras. It's worth knowing that toilet paper (carry your own), hot water and soap (jabón) are often missing. In bus stations, airports and large shops there is often an attendant who keeps the toilets clean and dispenses toilet paper (papel higienico), sometimes for a small fee, usually US\$0.50.

Seafood is good. Best known are the huge lobsters from Juan Fernández Islands.

Costa Rica

Capital: San José

Language: English, Spanish, Castilian

Currency: Costa Rican Colón

Population: 3.8 Million

Time zone: GMT-6

Religion: 85% Roman Catholic 14% Protestant

Climate And Clothing

Costa Rica has many climates, depending on which areas you are visiting. The beaches are tropical - hot during the day and generally humid. The rainforests are hot and humid, but the cloud forests are cool and moist. If you are visiting the mountains, the temperatures may not reach 65 degrees during the day and can be in the high 40s to low 50s at night with plenty of fog.

In the Central Valley, where the capital city, San Jose, is located, temperatures average 78-80 each day with low to moderate humidity. This valley is several thousand feet above sea level, which accounts for the wonderfully moderate temperatures. The sun shines nearly every day, even in the "Green" (rainy) Season. San Jose may well have the best climate in the world.

With this much variance, you must truly plan your clothing as you plan your trip.

When traveling to Costa Rica, it is important to consider that the weather conditions vary according to the geographic area and time of the year. Pack light, comfortable clothing, good walking shoes and sun block. For the "Green" or rainy season, it is recommended you bring a light jacket or raincoat.

Laundry facilities are reasonable in San Jose but are not always available elsewhere in Costa Rica. Please ask at your hotel's reception, and if you are only staying for a short period, please check that your clothes will be ready in time for your departure. Please note that on Sundays and Public Holidays, some hotels do not offer a laundry service.

Ecuador & the Galapagos Islands

Capital: Quito	Population: 13.9 Million
Language: Spanish	Time zone: GMT-5
Currency: US Dollar	Religion: 95% Roman Catholic

Climate And Clothing

Although Ecuador is small in size, changes in altitude and the effect of cold ocean currents combine to make virtually any possible climate. The coast has mild temperatures. From June to October highs are in the mid 70's with cool evenings. The rainy season from November to May finds highs of 80 upwards. Due to its high elevation, Quito has cool temperatures year round.

The Galapagos Islands have mild warm weather with a dry windy season from July to September and a rainy season from January to April.

Life on board the ship is very casual. Both long and short sleeve shirts are recommended. Bring along a light jacket or sweater for cool nights and a rain jacket or poncho can be useful. Landings may be 'wet' and two pairs of comfortable walking shoes are recommended. A wide-brimmed sun hat is strongly suggested and don't forget your bathing suit.

Food And Drink

Food

Ecuador is known for its fabulous exotic fruits, high quality fish and seafood, and the countless varieties of bananas. Across the country you'll find a broad spectrum of national and regional dishes. Popular dishes and snacks found in restaurants: choclo (barbecued Andean corn), empanadas (hot, crispy meat or cheese-filled pastries) and llapingachos (potato and cheese pancakes).

Drink

With plenty of exotic fruits come delicious fruit juices (jugos), including naranjilla (a cross between an orange and a tomato), tree tomato, mora (blackberry), guanabana (a luscious thick aromatic sweet white juice), maracuya (passion fruit) and papaya.

Not to be missed is the Andean drink of choice, canelazo (or canelito). This is a popular fiesta drink made of boiled water and naranjilla juice, sugar cane alcohol, sugar and cinnamon.

The wine is mostly imported from Chile and Argentina and expensive. The Ecuadorian Beers are pilsner-style and of decent quality. The most popular brand is Pilsener.

Water

You should drink bottled water only, definitely no water from the tap. Distilled and sparkling waters from Ecuadorian springs are available throughout the country and are of good quality. Tap water is frequently used in ice, so it is better to request the beverages 'sin hielo' (without ice) in restaurants.

Please consult with your own physician or health care provider for any individual needs or questions regarding health and medical matters and/or prescription medications. Please note that access to prescription medications may be limited or unavailable at destinations in South America.

Public Facilities

The Ecuadorian plumbing has a very low pressure, therefore always put the toilet paper in the basket by the toilet. Public toilets are limited mainly to terminals, restaurants and gas stations. Lavatories are called "servicios higiénico" and mostly labeled with SS.HH or "baño". Womens' toilets are signed with M (mujeres) or D (damas) and Men's with H (hombre) or C (caballero).

Food And Drink

Food

The hot and spicy nature of Peruvian food, created by ají and ajo (hot pepper and garlic), has become celebrated at home and abroad. Peruvians enjoy a wide variety of vegetables; there are over 2,000 kinds of indigenous and cultivated potatoes alone. Tropical fruits are abundant. Ceviche is raw fish marinated in lime sauce. Corvina is sea bass, which can be prepared in a variety of ways, and is always an excellent choice. Typical dishes made with scallops (conchitas), mussels (choros), octopus (pulpo) and shrimp (camarones) are plentiful and delicious. Specialities include sopa criolla (spicy soup with beef and noodles), ají de gallina (shredded chicken in a piquant cream sauce). Rice and potatoes accompany virtually every dish. Traditional desserts are alfajores (wafer-thin spirals of shortbread dusted with icing sugar) and served with manjar blanco (a caramel sauce).

Drink

The most famous drink is a pisco sour, made from a potent grape brandy. Chicha de jora (fermented red or yellow corn juice) and chicha morada (non-alcoholic purple corn juice) are popular drinks dating from Inca times. Peruvian beers and national wines are good.

Water

Visitors should drink only bottled water, which is widely available. Do not drink tap water, even in major hotels. Try to avoid drinks with ice. Agua con gas is carbonated; agua sin gas is still.

Health

Altitude sickness may be experienced when visiting Andean destinations, such as Cusco and Lake Titicaca. Upon arrival in a high altitude destination, it is usually helpful to walk slowly, eat lightly, chew cocoa leaves and drink plenty of liquids (non-alcoholic) until acclimated, to prevent symptoms or relieve discomfort.

Public Facilities

Public toilets are rarely available except in railway stations, restaurants, and theaters. Public rest rooms are labeled WC (water closet), Damas (Ladies), and Caballeros or Hombres (Men). Toilet paper is not always provided, and when it is, most establishments request that patrons throw it in the wastebasket rather than the toilet, to avoid clogging.
