“The secret to delivering richer travel experiences is to always lead from the front.”

This year, Trafalgar celebrates 75 years in travel. Throughout these seven decades, we’ve pioneered local experiences and paved the way for new destinations... and we’re only at the beginning of our journey.

That’s why it makes me exceptionally proud to share that alongside our existing suite of beloved itineraries, we’re continuing to evolve and innovate our USA & Canada vacation options, just as we always have. Inside here and on our website you’ll see some new releases including:

- **Limited Edition Mercedes-Benz® Sprinter van vacations for 8-17 guests**, exploring places you’ve always dreamed of, or some you may have never even heard of.
- **Active & Hiking vacations**, designed for travelers looking for a higher level of physical activity with all the inclusions our guests know and love.
- **Culture & Heritage based itineraries** for an immersive exploration of Indigenous & African American history past and present, impossible to find elsewhere.

And on all our itineraries we’re proud to be your champions of local encounters, with our friends throughout each state and territory we visit opening their doors to welcome you, just as they’ve always done. From small family-run hotels, to the passionate keepers of cultures and traditions, to those who provide hospitality, be it through food, wine or song, we craft memorable encounters you’ll cherish for years to come.

It’s with all this in mind that I’m proud to share 20 reasons to travel right now, and, how as the leaders in travel built across the last seven decades, we make it easy for you to just... go.

Trafalgar Tip

Shave Ice is a local treat you simply have to try - like a snow cone, except the ice is much more finely shaved. Choose your favorite flavor of brightly colored syrup to pour on top while ice cream, mochi or azuki beans are placed on the bottom.

Trafalgar Tip

While every business in Las Vegas tries to outdo the other by being bigger, newer and trendier – make the pilgrimage to the Peppermill Lounge that has resisted all things modern and will take you back to the Rat Pack days of Las Vegas 50 years ago. Trafalgar Tip

Take a step back to a time when Monterey held the distinction of being the 'Sardine Capital of the World'. As you stroll along Cannery Row, you'll be reminded of the famous John Steinbeck novel that bears the same name. What was once a dilapidated industrial hub has become a trendy waterfront with restaurants, galleries, shops and of course the Monterey Bay Aquarium which we highly recommend.

Travel Director Tip

I'm a foodie at heart. There's a little bar on Conti St. in New Orleans called the Erin Rose. Ignore all the people in the front and head straight to the back bar where you will find a little window for Killer PoBoys. The name is perfect. The menu is small so you don't have to wade through a multitude of choices and the taste is killer!
