ASIA
JAPAN, INDIA, NEPAL, CHINA & SOUTH EAST ASIA
YOUR 2020/21 VACATION
Welcome to Asia, a place unlike any other.

Flavors of ginger, lemongrass and chilli titillate your taste buds. Unfamiliar chords make-up the melodies that float through the air. The future can be glimpsed in the neon signs of Tokyo and the past and present collide on the streets of Old Delhi where cows and cars battle for their place on unpaved roads.

This is a place where even the alphabets are illegible, where a shake of the head means “yes” and loudly slurping your food is a sign of respect. Yet, there’s something in the smiling faces and the infectious laughter that seems so familiar that, at times, you find yourself feeling right at home.

Leading travel since 1947, our local knowledge opens up to you an Asia few travelers get to experience and enables you to navigate this exotic, exciting continent with ease.

Whether sharing a meal with a local family in their stilt house in Northern Thailand or learning the graceful fluidity of Tai Chi side-by-side with its daily practitioners, we immerse you into each unique culture and open your eyes to new ways of life. And we include at least one JoinTrafalgar experience on every Asia trip that let you make a difference in the local communities you visit.

Join us as we uncover a side of Asia few travelers get the chance to enjoy, forming real connections with the people who are protagonists in its romantic, poetic, fascinating and, at times, tumultuous tale.

MAKING TRAVEL MATTER

A DECADE OF POSITIVE IMPACT

Travel is one of life’s most powerful gifts. As leaders in travel, we recognize that we have the responsibility to do what we can to ensure that future generations too can enjoy the gift of travel. With this in mind, in 2008, our parent company The Travel Corporation (TTC) created the not-for-profit TreadRight foundation with the simple philosophy to enrich, protect and preserve the destinations we visit and the people and wildlife that call them home. Simply put, making travel matter. A year later, fueled by this philosophy, we created JoinTrafalgar to use the positive power of travel to make a difference. And on each Asia itinerary, we offer a chance for you to impact the local communities we visit through our 3 guiding pillars:

1. HELPING PEOPLE
   We help support artisans, farmers, families and invest in micro enterprises.

2. PRESERVING PLACES & WILDLIFE
   We help protect and maintain the diversity of wildlife, cultures and traditions.

3. CARING FOR THE PLANET
   We help reduce our footprint and protect the environment.

ME TO WE

Together with Me to We, we have built four schools and two water wells across China, India, Ecuador and Kenya, providing clean water to over 3000 people and classrooms for over 300 students.
ONE TREE PLANTED

In 2018, we offered our guests the opportunity to choose paper free documentation, resulting in over 70% of our guests opting for this environmentally friendly option. And to thank every guest who chooses e-documentations, we plant a tree in their honor. Together with our partner One Tree Planted, we have already reforested 150 acres including areas ravaged by wildfires in Northern California and devastated lands in Tanzania.

GOODBYE TO SINGLE-USE PLASTICS

We’re setting our sights on a single-use plastic (SUP) free future by 2022. We have eliminated plastic bottles from our Vietnam and Cambodia coaches and are in the process of removing them from our coaches throughout the rest of Asia. We have already removed them from our coaches in Europe and North America.

ALL HANDS AND HEARTS

We contributed US$40,000 towards the re-building of the Alangalang school after the Haiyan Typhoon in the Philippines. And in the case of the Kalika Secondary School in Nepal, TreadRight and Adventure World donated US$30,000 to assist in the construction of a new school after the devastating earthquake in 2015.

WILDLIFE SOS

With the grant provided by TreadRight, Wildlife SOS has built a permanent Enforcement Training classroom at the Elephant Conservation and Care Center in Mathura, India as well as outfitted it with AV equipment to train staff on anti-poaching efforts, wildlife laws, dealing with human/elephant conflict situations, proper elephant management and more.

CHENGDU RESEARCH BASE OF GIANT PANDA BREEDING

Your visit supports the vital work carried out by the Chengdu Research Base of Giant Panda Breeding to boost Giant Panda numbers and bring them back from the brink of extinction.

During the trip I take my guests to visit a Sikh temple. People come from all walks of life and take a bow to the holy scripture of the Sikhs called ‘The Guru Granth Sahib’. Connected to the temple is a free kitchen where more than 100,000 devotees gather everyday for food symbolising unity of humanity. My guests participate in rolling the chapats and cooking them, and they love seeing this food being served to the people. It is a beautiful, spiritual experience.

I like to introduce the kimono which up until the mid 19th century was the form of dress worn by everyone in Japan. The kimono has no buttons and zips so we use strings and a sash instead. I demonstrate to guests how to put it on and also how we wrap a kimono set in furoshiki the traditional way for carrying. This is a cloth which is also used for wrapping gifts.
